## Maple Library

Drawing by Michel

\*Colouring completed by: \_\_\_\_\_

Children will love their very own space at the Maple Library, located within the Maple Community Centre. A children's area, diverse programming and a collection of over 79,000 items are just a few of the offerings available at the library.

## Maple Library

Drawing by Michel

\*Colouring completed by: \_\_\_\_\_

The Maple Library opened to the public January 8, 1991. The library was designed to have a sense of spatial clarity and functional efficiency. The single-floor building and generous use of outdoor light give it a spacious feeling, while the choice of materials and use of different forms at ceiling level help define the varying activities within the building.
