Inspired by rollercoasters and nominated for various architectural awards, this 36,000-square foot, innovative resource library offers a music recording studio with several instruments, a green room, a 3D printer as well as an extensive collection of diverse resources. Grab a book and enjoy the sunshine on the second-floor patio or in the Reading Garden.

Opened in 2016, the Civic Centre Resource Library boasts several appealing design features including an Interior courtyard/reading garden and a second-floor public meeting room with access to outdoor patio overlooking courtyard. The library itself has a large open floor plan with distinct zones, such as a “Teens Only” Lounge and a Children’s Activity Area. The entire space takes advantage of the floor-to-ceiling windows and have ample natural light.
